Don’t apply for just any job, apply for the job you deserve!

OTRS is not only world’s leading provider of the open source help desk software, our career opportunities are also highly presentable! Being creator and source code owner of the OTRS product suite we are looking for new team members. Become a part of OTRS and apply now.

We offer:

As a Frontend-/App-Developer (w/m/d) you will continue to develop our graphical interface and furthermore work on another exciting project: developing a Mobile Application for our Software! You will also find:

- The chance to contribute and implement your own ideas in our newest projects
- A dynamic, international team with strong spirit and flat hierarchies
- The freedom to organize and structure yourself in your daily working routine
- The possibility to work from Home Office

Your Profile:

You love to program and software excites you? Then this is the right place for you! Read here what we also like about you:

- College degree in computer science (or comparable education) and initial practical experience in the field of Software Development
- You bring along very good skills in JavaScript, vue.js and other related frameworks (e.g. Angular.js, Angular, node.js), as well as web technologies like HTML5 and CSS
- Ability to work on various projects at the same time, capacity to adjust quickly to new situations
- You have a strong command of English (German is beneficial) and you feel at ease in an international environment
- Determination and a high-level of personal initiative
